

The Pamplona Alimentos S / A, attentive to the sustainable development of its activities, reaffirms its environmental commitment based on the following principles:

- Maintain a Management System that allows continuous improvement of its environmental performance;
- Propose **goals and objectives** compatible with its environmental aspects;
- Comply with the **legislation and applicable requirements** as a basis for environmental performance;
- Act with commitment to the **protection of the environment**, including the **prevention of pollution**;
- Sustainable use of natural resources, enabling technologies that promote the **reuse of waste**.
